The Pavilion studio is a light-filled, airy room with large windows that look out over Havenstoke Park and could be used for a variety of larger classes such as Tai Chi, Qi Gong, Pilates, Yoga, Zumba, dance, theatre, kids classes, music or anything else that you have in mind.

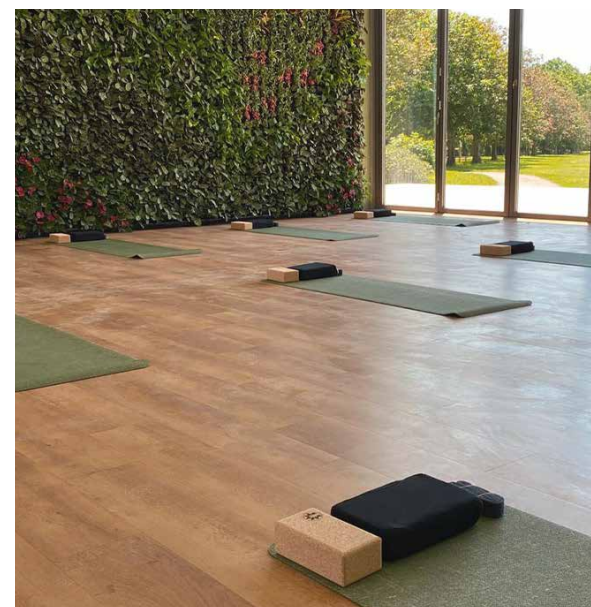

This 9x9m space, will fit approximately 20 students on mats, or more for dance and other types of classes.

Our studio can easily be converted with chairs and tables set up. This creates a wonderful space for events, workshops & courses.

For each hour booking of the studio we provide 1.5 hours of time – this gives you a chance to both ensure the cleanliness of the space after your class, but to also spend time with those participating, ensuring the community can connect and help reduce isolation through the classes being delivered.
