DERMALUX [®] LED FACIAL REJUVENATION	Single 40 min session £40.00
	Six 30 min sessions £210.00

Dermalux LED Photo-therapy uses clinically proven therapeutic light energy to trigger the skin's natural rejuvenation and repair processes with no downtime.

What are the benefits? Clinically proven Blue, Red and Near infrared wavelengths to boost collagen production (fantastic for anti-ageing), increase hydration, calm redness & irritation and blitz blemish causing bacteria - all contributing to help restore your natural beauty.

Dermalux is a relaxing, pain free experience with proven mood enhancing effects. Enjoy some luxury me-time as your skin absorbs the energising light to kick start cell regeneration, calm irritation or restore radiance.

Each treatment lasts 30 minutes and with no downtime, you can simply get up and glow!
